

27" alloy wheelset  
road double cranks  
6 speed freewheel  
Suntour shifters and derailleurs  
Valite steel frame  
alloy dropbars  
new bar tape  
new cables  
new Campy veloce dual pivot brake calipers  
aero brake levers  
new grease and bearings

This is a beautiful Fuji Palisades road bike. At 53 cm she'll fit riders 5'4" to about 5'9". I stripped her down to the frame and rebuilt with new bearings in the bottom bracket (axle) and headset. The brand new Campagnolo dual pivot brakes provide excellent stopping power. 2/21/10
